## ABOUT

The Faculty Pedagogical Summer is a short-term professional development program designed to enhance pedagogical skills. Scholars take a customized Pedagogy Course to enhance their teaching skills by learning new approaches to curriculum development and course execution.

Visiting international scholars also participate in classroom observations and develop or redesign courses for feedback and evaluation. Additionally, participants will engage in cross-cultural experiences through coordinated activities and events.

## HIGHLIGHTS

- Expanded knowledge of pedagogical skills
- Exposure and application of emerging educational technology
- Redesigned courses with new/enhanced teaching methods
- Cross-cultural classroom management
- Cultural activities including excursions to Atlanta tourist attractions

## COURSE

The Pedagogy Course is a collaboration with Georgia State University's Center for Excellence in Teaching, Learning & Online Education (CETLOE). In addition to 16 hours of customized instruction, visiting international scholars will have access to learning environments and teaching equipment (CETLOE recording and learning studios, active learning classrooms, etc.).

CETLOE will determine course content and participants' foci based on a survey administered prior to the program. Offerings may range from active learning and assessing the impact of experiential learning to digital literacy and virtual reality.
